

# COLONIAL CLAY

## Delta "S" Tile

Delta "S" clay roof tiles are offered exclusively by Colonial Clay. These beautiful pieces are created from a very special grade of clays from the Andes Mountain in South America with all the tradition and feel of the Spanish Mediterranean style.

The colors of these roofing tiles emerge from pure clay which lends them their unique ability to transcend time, and their firing process at 1,850°F adds the earthy variations in color tone giving them a peaceful, country-side environment. Also you may enjoy creating your very own custom blend by mixing these rich warm tones.

#### Benefits of Colonial Clay Delta "S" Roof Tiles:

- Complete range of natural colors.
- Superior thermal insulation.
- Lightweight and affordable.
- Strong and durable.
- ASTM & Miami Dade - NOA approved.

Here's the technical data of these sturdy, smooth artisan pieces.
